

SHEM M. REGIDOR

Junior Web Developer | Full Stack Developer

Kabankalan City, Negros Occidental | +63 993 978 1151 | shemregidor6@gmail.com | shemdev.vercel.app

PROFESSIONAL SUMMARY

Junior Web Developer and BS Information Technology graduate with hands-on experience building full-stack applications for government and real-world operations. Skilled in React, Next.js, Vue.js, Laravel, Node.js, REST APIs, and SQL databases. Experienced in responsive UI development, authentication, role-based access control, database design, Git collaboration, and practical web solutions.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, PHP, Python, SQL, HTML, CSS

Frameworks/Libraries: React.js, Next.js, Vue.js, Laravel, Node.js, Express.js, React Native, Tailwind CSS, TanStack Query

Databases/ORM: MySQL, PostgreSQL, MariaDB, SQLite, Laravel Eloquent, Drizzle ORM

Tools/Cloud: Git, GitHub, Postman, Docker, AWS, Kubernetes, Expo, Figma, VS Code

EXPERIENCE

OpsWerks - Cebu City, Philippines | Site Reliability Engineer | Jul 2026 – September 2026

- Complete hands-on training in Linux, Git, Python, Docker, AWS, and Kubernetes through practical labs and simulated production scenarios.
- Apply DevOps and SRE concepts to containerized workloads, cloud infrastructure, troubleshooting, and Kubernetes operations.

ICT Division, Provincial Government of Negros Occidental - Bacolod City | Web Developer Intern | Feb 2026 - May 2026

- Developed and maintained web applications using React, Next.js, Vue.js, Tailwind CSS, Laravel, Node.js, and Express.js.
- Built REST APIs and database-backed features including authentication, role-based access control, search, filtering, and pagination.
- Designed and worked with MySQL, PostgreSQL, and MariaDB databases and collaborated with stakeholders to turn requirements into functional software.

Freelance | Web Developer

- Built a Laravel-based Document Management System with secure authentication, role-based access control, document tracking, search, filtering, and pagination.
- Designed maintainable backend architecture and database structures for a system used in operational workflows.

PROJECTS

Kabankalan City Emergency Response Application (KCERA) | React, React Native, Laravel | 2025 - Present

- Built an emergency reporting and response-management platform for citizens and responders.
- Led development of a government-focused solution recognized as Champion at the 3rd Kabankalan ICT Summit.

Kabankalan City Document Management System | Laravel, Vue.js, MySQL | 2025

- Developed a secure internal document tracking system with role-based access, search, and document management.

SpeakUp | Next.js, PostgreSQL | 2026

- Created an anonymous citizen feedback platform with filtering, status tracking, and analytics.

EDUCATION & AWARDS

Bachelor of Science in Information Technology | Kabankalan Catholic College | May 2026

Champion - 3rd Kabankalan ICT Summit (2025) | Champion - Programming Challenge (2024)
